FOR IMMEDIATE RELEASE:

October 8, 2009

COUNTY TO ADOPT MORE CITIZEN-FRIENDLY WEBSITE ADDRESS & E-MAILS

FREDERICK, MD – Visitors seeking information about Frederick County Government services, programs, events and other resource links will soon find a new and friendlier government website address – www.FrederickCountyMD.gov.

The new website address is already available on the Internet alongside the current address (www.co.frederick.md.us). The County's Interagency Information Technologies (IIT) Division will make final adjustments and officially convert to the new website address on October 15.

President Jan Gardner of the Frederick Board of County Commissioners commented, "We are pleased to launch this new website address that will enhance our citizens' experience when they visit our site. The county is constantly working to improve our technology services for our Web visitors, and this new address will be much easier to remember and utilize."

Citizens are encouraged to change their Internet "bookmarks" to the new address, as well as any frequently used shortcuts on the county website.

Corresponding with the new website address, all Frederick County Government and associated e-mail addresses are also migrating to a new format – username@FrederickCountyMD.gov.

The current website address and county e-mail addresses will continue to work for at least another year.

For additional information, contact the IIT Help Desk at 301-600-1013.
